

### 1. 句型 (Patterns)

你要什么? 我要……

你呢?

多少钱/斤?

**Note:** 1. 你呢? or 他呢/她呢? generally follows a sentence, which could be a declarative sentence, a general question or a special question. 你呢? or 他呢/她呢? plays a role in turning the preceding sentence into a question. For example, if the preceding sentence is a declarative sentence, 我要苹果, 你呢? which means “I want apples, what do you want?”. If the preceding sentence is a question, regardless of a general question or special question, generally it is followed by 他呢/她呢? since that preceding sentence was already asking about you. For example, 你要苹果吗? 她呢? which means “Do you want apples? What does she want?” or 你要什么? 她呢? which means “What do you want? What does she want?”

2. 多少钱(qian2)/斤? means “How much is something per Jin”? 斤(jin1) is Chinese measurement. From 斤 to pound, you have to multiply by 1.1023. 斤 can be substituted by other measure words, such as pound (磅 bang4), bottle (瓶 ping2), bag (包 bao1)...

### 生词(New Words):

水果 fruit

苹果 apple

汽水 soda

要 want

果汁 juice

茶 tea

呢 how about

### 3. 作业 (Homework):

A: Practice the dialogue we learned. Make sure you can speak them correctly and fluently.

B: Writing Practice: Textbook P.36. Please write each character at least a line. You are welcome to write more than one line to memorize them.

C: Next class we are going to play scenario conversation. Please bring some of food and drinks we have learned. Thank you very much!
